Looking to make an easy \$2000?. Look no more. We are currently looking for local Atlanta promoters to promote for our events. I'm sure if you're good at what you do 100 people will come easy. After 100 show up you get paid. How does that sound? This is only for those who has had success promoting. If that's you email me on how you had success in promoting along with contact information so you can be contacted if selected. Good luck!! If you also want more info on how to start your own event, include that in.
