

1991 Mustang GT 1500 Need Gone ASAP (1500 USD)

Location **California**
<https://www.genclassifieds.com/x-463484-z>

1991 Mustang GT for sale. This mustang has a Cobra front bumper. It has a mishimoto 2 core aluminum radiator. Stock t5 Transmission, its a little clunky. Looking for \$2000 but can work out a deal. Comes with Koni shocks all around KYB struts. Also has BBK cold air intake with C.A.R.B. Numbers to pass smog. Large rear strut bar with subframe connectors. back seats are removed but i can put back in for no extra charge. currently straight piped but i can put mufflers back on if you want. Has BBK headers and BBK 2 Cat X-pipe. i have the stock 4 cat h-pipe i can include and install for free so you can pass smog.

Some of the bad things about the car:
Transmission grinds in 2nd and 5th, both slight grinds
The transmission itself is getting clunky and hard to shift gears but it does the job perfectly fine
After long drives or sitting in traffic coolant drips from the top of the water pump to the ground. not a big issue
no A/C
no heat
No radio head unit (does have speakers though)

In conclusion this is a good project foxbody or first one if you are interested in them. I am looking to get around \$2000 for this car but i am negotiable
!!
