

PAID Bands, Solo Performers amp DJs Needed (VA amp MD) (MD)

Location **Maryland** https://www.genclassifieds.com/x-463499-z

I'm promoting two upcoming events - one in Kensington (near Bethesda) July 11, and one in Carroll County, on October 17. Both are evening events. It's a diverse crowd, and we are featuring many styles

I have four spots to fill for local acts. I'm looking for bands, solo performers (including acoustic acts), as well as DJ/producers. For DJ/producers, I'm interested in DJs and Controllerists who perform sets mostly based on tracks that they have produced themselves.

You will be paid a flat rate at the event, or you can take a cut of the door - your choice.

Please forward a link to your web site and demo, sets and/or produced material, and I'll respond with more.
