Need a ride? Don't wanna use an app? You name your own price! Just text me the pickup location, the drop off location, and the amount you're willing to pay. If it's a fair price, you got it. If not, we'll negotiate.

Female driver so you don't have to worry about a male if that makes you skeptic.

I'm on the east side of Baltimore, but if the price is right I'll come anywhere.

I have a car, so whatever can fit in there you can bring.

Text me anytime before 10am and after 6pm for a fast,
