This is a hand crafted blatt billiards pool table. Lauded as the "Lamborghini" of the billiards world, Blatt has a history of making the finest pool tables in the world. This particular piece was crafted at their factory at Broadway New York and still has the original shipping label attached to the bottom. Outfitted in what Steve from Blatt has told me is some kind of Burl (looks like pine to me) for top rails, brass sides and a rich burgundy felt. The table is custom made measuring at 8'5 13/16" x 4'9 13/16" x 2'7 1/4". For a standard pool table from them to be made starts at \$34,000 and does not include shipping to Hawaii and assembly which costs about \$\$4000. (look it up. Its almost impossible to find a price for one of these unless you contact Blatt directly). That being said this table could use some love as the felt has worn over the years and I have neither the skill or the time to get it replaced. Also the brass finish oxidized giving it an antique look. All the return system troughs function as they are designed to. This is a fully functional pool.
