

3 Great Cats Need ReHoming (Oxford)

Location **Michigan**
<https://www.genclassifieds.com/x-464175-z>

We have three cats that need to be re-homed. They are beautiful, very colorful, friendly cats. The reason we are trying to re-home them is I have become so badly allergic that I end up in the hospital. Even with meds, I am no longer able to overcome the problem. We love the cats very much and we are very sad to have to re-home them, but we have no choice.

All 3 cats are females. We have toys, litter boxes (1 oversized), auto-feeders, electric water dishes which constantly keep the water flowing in the bowls, cat tree, scratch posts, etc... We have everything you could want for cats.

The cats are outdoor\indoor cats. Baby Girl (First Pic) has back claws, Hazel (Third Pic) and Ginger (Second Pic) do not have any claws. So, although they go outside, we do not keep them out all night as they cannot defend themselves. All 3 are very lovable. Ginger and Baby Girl will snuggle up to you all night in your bed. Hazel just loves to be the low stressed cat, hanging out, sleeping wherever she lays. Hazel is about 8 or 9 yrs, about 18lbs. Baby Girl is approx. 9, and about 10lbs. Ginger, is approx. 7 and about 8lbs.

If all 3 are taken together, which would be ideal, we are asking 30 dollars for rehoming\adoption fee. That includes toys, litter boxes, everthing. If the cats are split, we will have to determine what can go with the cat. We are not looking to make money, we are looking for good people to care for these really great pets.

We are really hoping that someone will take very good care of our cats, as we have. Pics and other info are available upon request. Please be free to contact us \ request information.
