It is a real preschool/childcare where real learning takes place through PLAY!

I PROVIDE AN EARLY CHILDHOOD DEVELOPMENT PROGRAM

Located in Warren (by 696 freeway) for easy access to major freeways

Open Mon-Sat I work with all times parents need

My program is child focused. I believe that young children learn best through hands on, playful connections. I make every effort to create an atmosphere where education is fun and enlightening, where the children's senses, feelings, and intellect are encouraged every day.

I create an interactive hands-on learning environment through experiences like:

Cooking (coming soon)

Sensory

Circle Time

Play Dough

Writing (help with letters)

Music & Movement

Art

Games

Dramatic play

My program will include preschool learning activities such as art, painting, music, dancing, building

blocks, puzzles for all levels of ability, dramatic play, ABC, numbers / math, colors and board games.

INSIDE we have a large room in a beautiful secure yard with water balls, sand table and toys.

Outside we have a large yard with water balls, sand table and toys.

interest and involvement.

Children's need play to learn so play and learning in a non-directive, positive, flexible manner; knows when and how to step in to promote cognitive and social growth and problem solving in the classroom
Your provider Ms. Kara is thirty one years old. I am currently attending Baker College for my Bachelors in Early Childhood Education I have a ton of credits at Baker for the Early Childhood program and I did hold my CDA as well through Henry Ford Community College for infant toddler. Prior to having my children I was a nanny for a couple for almost 6 years. I have also worked in childcare centers for over eight years with ages ranging from six weeks to 5 yrs old. . .I am CPR and EMERGENCY FIRST AID TRAINED

As a care provider for all children and families, my goal is to provide a safe and happy place for children where they can learn and grow physically, emotionally, intellectually, and socially at their own pace. I believe children learn through play and benefit from a structured yet flexible schedule. Activities will be offered which stimulate sensory motor development, language development and social interaction. The development of strong self-esteem is also a major goal.

I am also available for occasional sitting or drop in care !!!
