- Toddlers have resting/ nap opportunity every day, unless parents prefer they do not.
 - Infants sleep/wake as they need.
 - SEPARATE SLEEPING ACCOMMODATIONS FOR INFANTS AND TODDLERS if needed

If breast feeding your baby or using formula we accommodate all parents/infants needs. I also work with parents on potty training your child. I will provide daily updates about your child, a weekly report of activities they did learning, infant care sheets, and a list of foods they ate.

I will ensure a daily well-planned environment with appropriate materials which stimulate children's interest and involvement.

Children's need play to learn so play and learning in a non-directive, positive, flexible manner; knows when and how to step in to promote cognitive and social growth and problem solving in the classroom

Your provider Ms. Kara is thirty one years old. I am currently attending Baker College for my Bachelors in Early Childhood Education I have a ton of credits at Baker for the Early Childhood program and I did hold my CDA as well through Henry Ford Community College for infant toddler. Prior to having my children I was a nanny for a couple for almost 6 years. I have also worked in childcare centers for over eight years with ages ranging from six weeks to 5 yrs old. . .I am CPR and EMERGENCY FIRST AID TRAINED

As a care provider for all children and families, my goal is to provide a safe and happy place for children where they can learn and grow physically, emotionally, intellectually, and socially at their own pace. Activities will be offered which stimulate sensory motor development, language development and social interaction. The development of strong self-esteem is also a major goal.

I am also available for occasional sitting or drop in care !!!
