I'm a web and graphic designer that can create you a premium website for your business.

Rates start at \$149. Please provide your requirements for your website and I can provide a quote for your business.

Also, I have an account with <http://www.elegantthemes.com/>.

Visit elegant themes and pick a theme that best fits your website. I will not charge since I have a 1 year account.

Elegant Themes are the very best themes along with themeforest.net and rates range from \$40 to \$70.

Also, I can provide logo design, letterheads, business cards, product labels, etc. for your business.

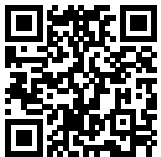

You get exactly what you want when you pick a theme and no need to pay me \$500/\$650 for designing a website from scratch. I have seen and been told by my clients that rates are actually higher by other web designers. Please shop and compare.

Email me if you have any questions and I will reply back as soon as possible.
