- \*Dining Table- 5 foot long with 2 leaves stretching to 7 feet!
- \*4 chairs plus 2 captain chairs
- \*China cabinet - 6 foot tall at highest point and 4 feet wide

I am downsizing our furniture and want to sell this ASAP!  
 Table has some wear around the edges where finish is just rubbed off a bit.  
 Chairs have some areas where finish is rubbed off a little as shown in the picture.  
 One arm on a captain chair needs to be glued as shown in picture.  
 Seats were recushioned just a few months ago. Picture muted out the colors a bit.  
 Pictures show at 5 foot and 6 foot. There is another leaf that stretches it to 7 feet long.  
 China cabinet is one complete piece. There are two doors at the bottom as shown in picture.  
 There are 2 glass shelves with a solid bottom as a third. There is a working light inside.

You must pick up. This is a big set and will take at least 2 strong people to move.
