Thousands Of Testimonies Pour In From Around The World For Persecuted Pastor Kent Hovind!! Wow!  
<https://youtu.be/iN8xD2NAaec>

"Kent Hovind is a well known and respected Creation Science Evangelist who spent more than 25 years traveling to 49 states and 37 countries preaching on Creation vs Evolution, The Bible, and Dinosaurs. Kent Hovind spoke 900 times a year spending most weeks of the year preaching the Gospel anywhere and everywhere. He successfully debated some of the most respected evolutionists in the world at Universities and ran a wildly successful theme park and museum in Pensacola Florida called 'Dinosaur Adventure Land' which he charged no admission to enter. Dr. Kent Hovind reinvested all of his proceeds back into his ministry never having a person net worth of more than \$10,000, driving an old church van, and living in a church parsonage. All of this despite leading a ministry that grossed several million dollars since its inception. In 2006 a government SWAT team raided Kent's home during their morning prayers

and rushed both Kent and his Wife off to prison. They could not find any personal tax violations and two of the wives were diagnosed because the man Kent infringed on the justice system in a thug like manner worth a charge of "structuring" which was designed to help drug dealers. Kent had no money. He has now openly apologized for being con-artists. Christians with the bogus excuse that "God" told Kent that they are not to go any ways in prison. He never knew so he could not teach against evolution any longer. He was also charged 3 years for praying for the IRS agent that raided his home on the radio and for not withholding taxes from employees. The problem Kent had with employees it would be like not paying taxes for the guy who mows your lawn. Kent had missionaries who assisted his ministry that he gave cash to. All of them paid taxes for themselves so no crime was ever committed. The Judge in this case is the same Judge who in 2009 attempted to put two Florida teachers in prison for Praying before they ate their lunch at school. She teamed up with the ACLU to do so). Kent's family and friends are anyone who has spoken out and publicly supported Kent that have been

intimidated, audited, and threatened by the government. Computers have been hacked, CPS has been used, and much much more. Even if Kent was guilty, which he's not, he should have only served 18 months. That is a comparable sentence to such famous cases as Wesley Snipes and Lauryn Hill who both served short terms for much more egregious tax violations. When Kent entered prison in 2007 the average sentence for a child molester was 7 years - Kent has now almost spent 9 years in prison. The case is full of corruption, scandals, and false witness. It is a case of Christian persecution with national constitutional implications."
