<https://www.genclassifieds.com/x-464801-z>

We are currently looking for experienced wedding DJs in the St Louis area!

Djs in our company average between \$200 - \$350 per show + tips for a 4-5 hour show. We don't require you to sell, market, advertise, etc, but to only provide professional, classy, non-cheesy DJ experience and contact the client to confirm event details.

Your own equipment is required and pay depends on experience. We don't require you to sign any agreements or no-competes with us, allowing you to still do your own gigs. Just tell us the days you need off.

Please have at least 3 years of wedding reception experience, reliable, and motivated to take on extra part-time work.

You MUST use professional DJ software (iTunes & Spotify are not DJ software) and equipment including a wireless microphone, DJ lights, and 2 speakers on stands

You will be required to bring own equipment.
