

CAD DesignerDrafterArchitect Student or Recent Grad (boise)

Location **Idaho**
<https://www.genclassifieds.com/x-465193-z>

We are excited to announce that we are looking for an experienced and self-motivated CAD Designer/Drafter/Architect student or recent grad to aid our team in developing engineered drawings for tentative improvements to our fourth medical facility here in the Treasure Valley. This is a great opportunity for young designers/architects trying to get their foot in the door. You will be working on real projects and be able to see your designs come to life!

PRIMARY DUTIES:

- *Designing floor plans, electric, plumbing and working on interior design such as cabinetry and finishes.
- *Developing creative solutions for a the interior of a medical facility
- *Creating and implementing creative interior design solutions
- *Executing the designed scope and facilitating approvals with the team
- *Communicating between consultants such as architects, engineers, interior lighting consultants, construction personnel and/or companies, subcontractors, and other consultants when needed in order to find design solutions and answer questions in terms of design.
- *Capable of finding solutions quickly to unforeseen issues both on and off the work field.
- *Critiquing design solutions to start a dialogue among designers asking the never-ending question of "can we do better?" Continuously improving the overall standards of design quality.
- *Assist in developing construction design documents for field use as well as coordinating solutions to design build issues.
- *Experienced at working both independently and in a team-oriented, collaborative environment.
- *Capable of shifting priorities, demands and timelines through analytical and problem-solving capabilities.
- *Able to react efficiently to adjustments and alterations promptly.

*Flexible during time of change - capable of doing multiple jobs at once and performing at a consistent level to meet expectations.

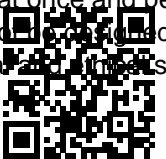

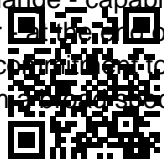

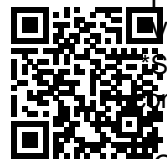

Very much a team player. If one of the team cannot attend/ execute the single job, the single person can take over the job. Strong work ethic and a commitment to the highest professional standards. Ability to learn and adapt to new information swiftly. Team member. Contractors will come from a wide spectrum of disciplines.

JOB DETAILS:

Project length approximately 1-2 Weeks, Pay \$/Square Foot TBD

QUALIFICATIONS:

Applicant must be senior at an accredited school and/or recent graduate.
