Do you need your pool opened? Need someone to come by every so often to make sure your pool is operating to the highest standards? I am an experienced pool technician looking to make some extra money on the side. I CAN GUARANTEE I WILL BE CHEAPER THAN A POOL SERVICE COMPANY WHILE UPHOLDING THE SAME STANDARDS. Services will be completed evenings after 5pm and on the weekends. A pool opening includes: removal of cover, cleaning of cover, placing cover wherever it is stored, lowering of anchors if applicable, cleaning the pool deck, removal of plugs, installation of jets and other accessories, starting the pool pump, checking for leaks, making sure the filter is clean and pump is running properly, vacuuming pool, cleaning skimmers, adding needed chemicals. Your pool will be up and running ready to use in no time. Weekly services consist of checking chemical levels and cleaning the pool if necessary. Please only call if this is a service you are in need of. Call anytime between 8am and 8pm. I check my email often so feel free to email me with a description of what services you are seeking as well as an address and i will get back to you ASAP. Leave a contact number for immediate response. Thanks. Have a good.
