I can't drive and looking for an open minded female for short trips a couple times a month. Prefer a lady as I feel safer with a lady then a man. Outing will be for about an hour to 90 minutes, no longer. I will explain more in detail about the posting when you email. Have own auto and be available weekdays. Again this is only once or twice a month, not a steady job.

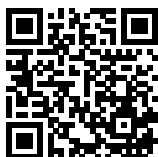

Looking for female with car for an hour or more a couple times a month (North Plainfield area)
