Looking to have carpet installed over beat up hardwood flooring. Tried refinishing and that did not work to well. I am selling this house and I want to make it look presentable.

Please provide me your fair quote to install carpeting over 323 square feet
 Please make sure your quote includes carpet and padding and any other materials needed
 Any pictures of samples would be great

I cannot reply to everyone but I will choose someone today or tommorow and take down the ad

Any questions please email me. No phone calls please but text is ok
