

## promotors wanted (okc metro)

Location **Oklahoma** https://www.genclassifieds.com/x-465948-z

promotors wanted for new innovative service in the okc metro area...

looking for people who already go out to bars, clubs, etc. to pass out small promo cards informally to others. basically you are handing these out at places you already like to go.

if you like to play cards, and/or go to casinos, then you would be a good match as well!

as of right now, you will not be paid to do this. however, we will arrange to have you use the service for free. if you have a good idea outside the scope of this post, or a way to guarantee some money for us, then you will be compensated. we are free market capitalists, so if you show initiative and moneymaking savvy, we will cut you in.

check out the following link for a description:

you can see everything in person if you wish before passing anything out on our behalf. after all, seeing is believing..

if interested, send an email to the link above, one of us will be in touch.
