

## Cat Sitting in the Sunnyside amp Richmond Neighborhoods (Hawthorne district)

Location **Oregon**

Cats like things just the way they are. Their routines, their favorite places, and especially their people. Left alone even for a long weekend they need more than just someone to come by and feed them. They need time and attention to keep them from getting anxious and stressed out. Even a short visit once a day can make a world of difference to both the cat, and the owner's peace of mind. I offer a daily 30 minute visit for just \$15. That includes, feeding, administering meds if needed, cleaning the litter box, and lots of time for love, attention and play. But if your cat is shy, always hiding when strangers are in the house, I have a special, extra low rate for him too. Just \$10.00 for a short visit just to do the chores. When you get home to a happy, relaxed cat, you'll know it was worth every cent.

Sunnyside Home Pet Care is a local service, serving just the Sunnyside and Richmond neighborhoods. And grow a word from my letters:

Richard's incident only came up when I needed to go more than a few days. He was always up and running, ready to take on the world any day. I remember that 10 days after Richard's was over, Socko was more ornery than usual and my place was no worse off than it normally is. Heck, Richard even got him to like wet food. It was clear that the four leger got some good attention while it was gone!

have counted on Richard with Sunnyside Home Pet Care for my pet sitting needs for almost two years.

---

He is extremely reliable, trustworthy and kind. He spends quality time with each kitty and tries his hardest to learn each of their personalities and specific needs. I always feel good about leaving my kitties in Richards care, and because of his exceptional service I have noticed that when I return they are in high spirits, which speaks volumes. The service that Richard provides is priceless.

Sincerely,

Extremely satisfied customer,  
Kaci

I am happy to recommend Richard Weiss should you be considering letting him care for you pet. I have lived in the Condon Court Apartments, which he manages, for over a year. When I moved in, he agreed to allow my 7 year old yellow lab, Sayre, to come with me though it is normally a "no dogs" complex. He fell in love with Sayre and when she got cancer in November, he offered to check on her while I was at work, and even began walking her multiple times a day without solicitation. Richard was always ready with a dog treat and Sayre loved the time she spent with him. Richard is one of the biggest animal lovers I have ever met. He has 2 cats of his own and unofficially cares for the many, many cats that live at Condon Court, and even some who don't. He recently took in a stray kitten and arranged for him to be neutered and vaccinated before adopting him out to a good home. I would encourage you to hire Richard to walk your dogs, feed your cats, hang out with your hamsters, or fulfill any other pet care needs you might have.

I have known Richard Weiss for four years, and during that time, he has pet-sat my three cats Otis, Reggie, and Teddy multiple times. Richard loves all animals but has a special way with cats. He does all of the required things like changing water, cleaning litter boxes, and feeding, but he also spends time with each cat in a manner that fits the kitty's personality. He is patient and quiet with my shy cat, plays games with my active cat, and treats my big tom cat with delicious wet food, which for Teddy is the feline equivalent of Ben & Jerry's! As a veterinary employee, I have high standards, and there are few people I would trust to care for my precious babies. I feel comfortable with Richard in my apartment and am confident that he will visit them daily and follow my special instructions. I highly recommend Richard as a pet-sitter.

Renee
