Desperately need someone to cut my grass every 7-10 days or so.

It shouldn't take more than an hour.

Could be for a month or two, maybe longer.

Ideal for a high school or college student who lives in the Green Park area.

I have a gas mower.

E-mail or call...no texts please. If no answer, leave a message and I will get back to you a.s.a.p. Hope to hear from someone soon. Thanks!
