

Seeking live in nanny (shohola)

Location **Vermont** https://www.genclassifieds.com/x-466109-z

Hello! We are currently seeking a live in nanny for our two boys, one is going to be 5 in september and the other just turned 17 months. The older boy goes to school two days a week and many times goes to the grandparents once a week. The other one stays home. In September even the younger boy will go to school one day a week. They are both active inquisitive boys, the love to be played with, love the outdoors and love to laugh.

We need a young energetic happy go lucky girl to be our boys nanny and care for them, teach them,look after them and take care of their needs. You would not be responsible to drive the boys anywhere. You would clean up after them, cook for them, bathe them and take care of any needs required.

In exchange you get to live in a beautiful home in north east PA. We border NJ,NY and are about 20 minutes from both. Town is 15 minutes away.we live in the woods on a private quiet peaceful road in a very cozy and safe area. You would have your own bedroom with a bow window on the second floor, share bathroom with the boys, 13 acres, beautiful lakes near by.

Here you would not have to pay for rent, electric, phone, gas, water, groceries. You would only be responsible for your own personal bills....cell, car, car insurance. We need someone to start the earliest the end of june.

Serious inquiries only.

If interested please reply with all your information, thank!
