

Class A Diesel Pushers

Location **South Dakota**

Hi, Jesse Nordmann here from PleasureLand RV in St Cloud. We have some great used diesel pushers right now between our 6 locations. We typically like to have a couple in stock but with our latest RV shows we have taken in quite a few units that need to find new homes.

Please ask for me (Jesse Nordmann) if you would like to purchase one of these or if you would like to schedule an appointment to see one of these units or if you call in with questions. I do sell RV's for a living and I would like the opportunity to earn your business. I can be reached in my office or on my cell. The first person with money down will own each unit. We also have financing available if you choose to do so. These units also have been inspected and they do qualify for a vehicle service contract to cover your drivetrain and other issues with appliances.
