I have been in the childcare field for 16 years and worked in daycare centers as a lead teacher. I am CPR and First-Aid certified, have taken early childhood classes, infant and toddler, SIDS, and shaken baby syndrome. I have been married for twenty years and have a teenage son. As a parent myself, I know that your child/ren are your highest priority and that is why I have created a safe and caring environment where children can learn and grow together. I will plan activities with a variety of experiences to enhance their physical, intellectual, emotional, and social development.

Some activities will include:

Circle Time- Learning basic colors, shapes, ABC's, counting, and much more.
 Language- Books, music, story time, flannel board stories and songs
 Small Motor- Cutting with scissors, stringing activities, pegboards, blocks
 Large Motor- Balls, hula hoops, bean bags, and outdoor play
 Arts/Crafts- and- Sensory Experiences

I currently have three children enrolled and they would love to have more friends to play and interact with.

I have FULL-TIME and PART-TIME OPENINGS for ages one year and up. My home is a smoke-free environment. All meals and snacks included, references available, and excellent LOW RATES!
