Location

Offering childcare in my pet smoke free home. Juice, and snacks provided. Including meals if here at that time. Breakfast, lunch, and dinner. I'm on Sitter City with background check. Rates depend on hours, days, and number of children. I love children and your child/ren will be treated as my own, how i'd want mine treated being watched by someone else. I know how it can be trying to find that right person to care for your child/ren. Your child/ren will be in great care in my home and as I stated, be treated like my own. I have children of my own and they love having others to interact play and learn with.

If interested and/or have any questions please email me and we'll go from there.

Thank you and look forward to hearing from you.
