Michelle W.
Excellent Nanny for All =]

I am 26 years of age, very easy going, energetic, & very vibrant. I am CPR certified & have 7 years of experience under my belt . I enjoy reading to kids, playing children's games whether video or board & I also enjoy playing outdoors being that I am very active & quick on my feet . I am a very on the go, hands on nanny that will keep your kids very busy and involved during the day. I love field trips, science learning, and messy projects the best. I love working independently and thrive in this type of self-motivated work environment. My discipline style is firm, yet gentle. I focus on respect, manners, and positive reinforcement for great behavior. I love being an educator, friend, playmate, and mentor to young people of all ages .

I've cared for different types of families, age groups from infants to teenagers . I do not have any pets of my own. I am willing to cook, do some light house work & help children with homework. References sent upon request .
