My name is Scott and I'm the owner of Total Stump Grinding.
 We offer discount STUMP GRINDING to our business freinds in the Green Industry.

We are looking to form relationships with Tree Service and Landscape business owners/managers to handle all of their Stump Grinding needs.

We show up on time (usually the same day) and provide you with GREAT service on every job! We work in and all around Atlanta.
 Our equipment and trucks are all late model and look sharp when we show up on your job!

If you are interested in forming a positive business relationship, give me a call and we can meet anytime~

Thanks for reading and I look forward to hearing favorably from you.
