Today many consumers are being duped by individuals claiming to provide official CPNs that are actually randomized and not from the SSA. As many have researched and read, Gov Officials, Persons in protective custody and Celebrities alike, utilize CPNs.

According to the law, each individual is legally permitted to utilize ONE CPN during their lifetime! Yet advisors across the country mislead the public and lead individuals into committing fraud.

Only obtain CPNs from reliable sources for which the CPN will pass the following checks once issued:

Validated and cleared through Equifax safe scan and will pass all Lexis-Nexis/Accurint TLO (Transunion) scans and www.ssnvalidator.com

If you have recently acquired a CPN that does not at minimum pass the SSNValidator....DO NOT USE THE CPN!
