Pipelines break. Ask the people in California.

The rectumlickums couldn't get anything else done, but the passed the Koch Pipeline Bill to pay back their rich corporate johns. According to rectumlickums, money is speech. To the Liberal Avenger, it's BRIBERY, just one more example of republican corruption. You know, like the many, Many, MANY NO BID CONTRACTS that personally enriched the very criminals that lied us into Operation Make A Buck, the war that took out the very guy keeping ISIS and other radical conservatives groups out of power. It was better when ISIS was his problem, not.
