I have a 2001 For Ranger with 300,000 miles on body. June will be two years I have had it and It is in good condition. Runs great and shifts great. Cold A/C. Some scratches and dings here and there. Great truck for parts. Motor and Transmission I was told was out of a 2003 Ranger. I had the Timing chain, sprockets, tensioner, flywheel replaced last summer. Tires replaced about year and a half ago. All in great condition. Automatic, I do not have the Title nor can I get the title. (This means the only thing I can give you is a bill of sale)Looking to part out for parts. 2000.00 OBO. I will not ship. Must be local and cash..
