I've got a pile of Parts Master automotive oil filters for sale. Parts Master are manufactured by Wix Filters.

45 Part numbers available. 155 filters. Common numbers from a working shop. \$1.00 each! or \$100.00 for the lot.

New in box or plastic wrap.

Let me know what kind of car you have. I'll figure out the filter number and tell you what I've got.

Thanks
