

# Johnson 12 String Guitar (160 USD)

Location **California**  
<https://www.genclassifieds.com/x-467734-z>

New, still have shipping box and hang tags. Not a single scratch or blemish on it. Its had a proper setup for optimum playability. 1. Truss rod adjusted for correct relief. 2. Action set at the saddle and measured at 12th fret. 3. First fret action adjusted at nut. Action is incredible, super low, will hold up a quarter at the 12th fret with no string buzz. New Martin Phosphor Bronze strings, strap button added at neck heel. If you want that acoustic 12 string sound but don't want to spend crazy money on a Martin, Guild, Taylor, yet still get the great playability, this is it! Guitar is 160 and I'll toss in a plush premium TKL case for 25 bucks more if you want it. Will not sell case separate. If you want to give it a test drive, I can meet you at a Starbucks in and around the San Ramon, Dublin, Pleasanton area or the Hayward/Castro Valley/ San Leandro area. Open to trades but only for.
