Need an IT Sales Consultant

We are a small IT Service Provider in search of a salesperson to help us grow our business. Some of the offerings that we provide are:

- Network Design
- Cloud Solutions
- General Tech Support & System Maintenance contracts
- Disaster Recovery -- Backup & Replication
- Technology Refresh
- IT Security
- IT Assessments (Documentation, full assessment of current environment and recommendations)

Technologies include but not limited to:

ESX Vmware  
EMC Storage  
Windows Server (SQL, IIS, DNS, File)  
Exchange/Office365  
Sonicwall/Cisco  
Amazon Cloud Services  
VPN configurations

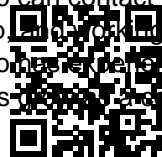

Looking for someone who can contact small to medium sized businesses and sell our services and project offerings. Could be cold calling, generating leads, setting appointments, working up proposals, working together to close deals. We are looking for help with sales and marketing. We are looking for someone who has experience with IT sales and sales in general, and a salesperson, not a technician. Use their existing connections to get a new client base. We are looking for someone who can help us grow our company. This is the best opportunity for someone who is looking for a new challenge.
