Yes, selling Life insurance is boring. But you actually can make a lot of money in this business.

We pay our sales reps some of the highest commissions in the industry on WARM leads. Our part-time reps are making \$1,500 weekly.

This is the IDEAL OPPORTUNITY for someone trying to get ahead in the rat-race and make a well-deserved, HIGH income, in a very under served market for Middle American families.

Basically, Your job is to call the homeowner that has requested coverage; set the appointment, help them apply, and get paid. NO bait and switch. NO cold calling.

Part time, full time. Travel, don't Travel. I will train you.
