Are you out there???

I'm not going to wow you with credentials or huge payday gigs we have lined up. It's about making music right now. What I can tell you is that we have an absolute BLAST making original rock music that we can't list in one genre. Influences are literally all over the board as well.

We have a pianist currently, but she's heading off to school in August. We have a drummer and three others who will carry the torch. Biggest need is bass, then piano, then violin--but all are important.
