

Dancers for video trade (Cambridge, MA)

Location **Massachusetts**
<https://www.genclassifieds.com/x-501316-z>

Hi, I am a filmmaker looking to shoot video of dancers for a video art project. I would like to shoot a variety of dancers of different styles, each one shot individually in front of a green screen, doing a choreography or improv.

I do not yet have funding for this project so I can't offer to pay. So I am hoping to find dancers who need high-quality video of themselves, and I can shoot that for you at the same time as a trade.

If you have a rehearsal space, we can shoot there, or if not I can find us a location. (I put "Cambridge" as the location but anywhere within an hour or so drive of Boston is fine for me.)

I would prefer dancers in the 18-30 age range, male or female, any style of dance. If you have a troupe that needs a video that is even better because I can shoot several people at once.

You can find examples of my work here: <http://8thmuse.com>

If you are interested please send me a little info about yourself and a pic if possible. I'll be happy to give you more detail about my project.
