Musician seeking someone to help me load, set up and unload my gear. You won't get rich but hopefully you'll have fun doing it. You get paid 1/2 of what I get and you'll get paid in cash. Sometimes we do free gigs for charity or name recognition in which case I'll buy you lunch or dinner or whatever and give you a few bucks. I'm 420 friendly too and will help you out.

You won't be doing it all while I watch, you'll be helping me but if there's two boxes and ones heavier than the other, guess who gets the heavier one. Once we get things set up, I'm sure if you help the other guys, they'll pay you.
