I am seeking pregnant models for maternity portraits! You do not need to be a professional model to respond, just pregnant and willing to get in front of the camera.

Selected Models will receive:

- a complimentary maternity session
- select digital files from the session

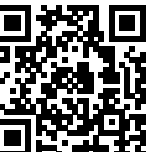

Requirements:

- be between 6-8 months pregnant
- be at least 18 years old
- must sign a contract & model release

Email me at

and include:

- your name
- your due date
- your phone number and email address
- a recent photo of you (3/4 to full length) taken within the last two weeks (cell phone images are fine as long as they are clear)
