Looking for a few open minded, 21+, fit, voluptuous, beautiful women for a very safe, secure, virtual webcamming business opportunity.

*Not an at home job, I plan to buy a building and have individual rooms built in.

*****This is not a prostitution ring, house, or "Little whore house of Texas" type of thing.*****

Males will not come in the building unless they work there. (3 to 4 for security)

*Your room is YOUR room for however long you choose to work there.

*You will work Shifts, you can double if you want, but you will NOT SLEEP in your work room.

*Your door will have a lock from the INSIDE for your comfort and security.

*No one will see you nude or half way dressed when out of YOUR work room.

*People will NOT be coming in and out of the building, once all girls are at work, they are the only performers, models who are allowed in building. (Including security men)

*DRUG FREE!!! ***You WILL be told to leave the building if you are caught with DRUGS. The building could be raided at some point due to Mississippi being a bible belt state and this type of work being looked down upon.

*We are a family, so if my business partner and I choose you to work in our building, you are expected to work with us for a while, our business will grow, and if you are one of first few, you'll have a greater status against the girls that we choose later in our business.

*NOT a strip club or Gentlemens club, you will not be on the "Floor" (outside your work room) half dressed or nude, you WILL wear CLOTHES.

Email me and we will discuss having an interview for you...

!!!IF YOU DO NOT MEET ALL OF THE REQUIREMENTS BELOW YOU WILL NOT BE CONTACTED NO MATTER HOW PRETTY YOU ARE!!!

*21+

*Valid ID or DL.

*Cell phone

*Reliable transportation.

*Open minded

You have to be a drug test because a is not a drug concern, other than drugs and we do NOT want NO ONE who is a junkie or a drug addict

If you are married or in a relationship you must be a single come in for an interview and we know that there is competition with what you are doing.

This is a VERY safe and discreet (if needed) opportunity. I am not "Pimping" you out nor am I guiding you toward "escorting" nor "prostitution."

Your income depends on how pretty you are, how skillful you are and if you are not pretty but have a nice body, you may consider one of our dancer rooms. (dancing through cam etc)

After we get everything rolling, Your income may increase depending on how much you interact.
