That Guy Records is looking for a photographer with experience to get new photos of an artist.

You must have transportation and your own camera and equipment. We would like "green screen" pics taken so a background can be edited in if need be.

You also must have an eye for photography choreography. In other words, you tell the artist how to pose, and he poses.

We will be hiring for mid day to night of the 20th of June. Please send portfolios or captures of your work in your response.

Pay will be negotiated after choices are made for the photographer. Please send your normal price list in your first email.

Thank you and we look forward to hearing from
