IF THIS AD IS STILL UP THEN OLLIE IS STILL AVAILABLE. :)

Ollie is so adorable your heart will stop at the site of him. He is a 6 month old, 25 lb, Newfoundland/Flat-coated Retriever Mix puppy. He is curious, friendly, a bit reserved at first, playful and cuddly. Ollie is fixed with all shots done and he was saved from a high kill shelter where he was scheduled to be euthanized. Ollie is in need of a forever home! A re-homing fee will be due at time of adoption.

If you are interested in Ollie the next step is to fill out an application at Downeastdogrescue.com by going to the main menu and selecting the Applications Tab

Personal references, vet references and a home visit are all part of the application process.
