Pepper is an adorable 7 month old Jack Russell mix puppy mix. She is currently 20 lbs and will grow to about 35 lbs. She is a bit shy at first but a huge cuddle bug who will sleep on your lap for hours. Pepper walks well on leash, is potty trained, knows how to sit and is eager to please. She's obedient, submissive and loves children, dogs and cats. Pepper doesn't bark much and doesn't need many dog toys. She'd rather have human affection. She has plenty of energy to run and go for hikes but also loves to be a coach potato, with or without a human. Pepper gives kisses and licks, puts her paws up on you hoping to be picked up. She is curious and sweet and is looking for her forever home. Pepper has been spayed and shots are done. She is currently in a foster home in Lebanon.

If you are interested in Pepper the next step is to fill out an application at downeastdogrescue.com. A rehoming fee is required. Personal references and vet references are also a must and a home visit is required.
