Vehicle Title: Clear Engine: 383 Stroker Motor

This is a 1972 Monte Carlo two-door hard top automatic. It has a 383 Stroker Motor and Headers with an Edelbrock Manifold and carburetor. The speedometer shows 27,000, but it is probably 127,000 miles. Not sure how many miles are on the motor. As stated above, the windshield wipers and blinkers do not work. Has a new dash, but is not installed. It also has new tires with Crager wheels. I bought this several years ago out of California with the intention of fixing it up and to work on, but I was never able to get around to it. It has been parked in the garage.

I'm asking \$6000 or best offer.

I can deliver up to 500 miles from Butte, Montana for an additional \$200.
