

Bella (, USD)

Location

Indiana<https://www.genclassifieds.com/x-501937-z>

Bella was rescued from a shelter where her family took her when they could no longer take care of her. She is young, most likely just over a year old, beautiful tabby and white, and has a very sweet, docile personality. She is the kind of cat who totally welcomes being petted. She loves to be petted, and loves to be near her human. She loves to look out the windows and chatter at birds. She is playful, loving feather toys and catnip toys. She would do fine in a family with older children who know how to treat a cat.

She has been spayed, declawed, tested for felv/fiv, and is up to date on shots.

She is at the Noblesville Petsmart on highway 37, next to Best Buy. You may see her during store hours if you have a place for her in your.
