Hello,

Im looking for a teenager(or adult) with their own transportation to babysit in my home. I will take them to you if need be within range. I have a 9 year old girl and almost 8 year old boy. This was be short term, as they return to school on July 28th. There is a park and a splash park nearby that you can take them to once we are comfortable with you. If you watched them here, you would be welcome to eat and drink here. The hours would be Monday-Friday 830-530 but there would be 1-2 days their dad would have them picked up around 4. Pay is negotiable considering experience, etc. Im looking to get someone started right away so please email me as soon as possible! I check my emails frequently! Thanks,
