Remove back panel and use unit as a trailer for hauling firewood, stone, mulch, or building materials behind your lawn tractor. You can even use it as a flatbed trailer.

1.25" tubular steel undercarriage and 1" tubular steel tilting 60 degree bed on the Leaf Vac is built more like a heavy-duty road trailer than a cart

HUGE, 315-gallon capacity with up to 10 -to-1 reduction. That means it shreds what it vacuums. The shark-Teeth blades shred material into small pieces as it passes through the unit reducing ten bags of leaves to one! LESS UNLOADING!

Will shred and collect over 3,100 gallons of leaves before needs to be emptied!

Shark-Teeth impeller has lifetime warranty.

length 103" width 39-1/2" height 72" weight 310 lbs.
