

Treadmill (175 USD)

Location **Minnesota**

I'm selling our Spirit SR175 treadmill. It is in good condition and works great. We are moving and trying to downsize as much as possible. Comes with the owners manual.

Here is some info I found online:
 "This treadmill was made in the USA. It is a solid steel frame. They do not make them like this anymore. 18" x 52" walking belt. Programmable speed with electric elevation."

Please call/text or email if interested. Need to sell this weekend Saturday (June).
