Have thoroughly enjoyed these! They sound great together and look awesome too. It's been amazing to hear the difference good audio gear can make.

Primare I21 \$750  
Primare CD21 \$750

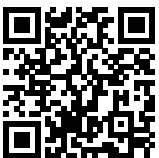

Both items are in good condition as you can see from the photos (no scratches that I can see). I haven't had them stacked - just did for the listing.

If you are interested in the pair, I can throw in 2 gently used audioquest NRG-4 (3ft) power cables which retail for \$250 ea.

Also have a pair of gently used audioquest Columbia interconnects (.5m RCA) that you can have for \$150 if you need.
