

# Creative talent Make a nice BIG political campaign yard sign (Treasure Valley)

Location **Idaho**  
<https://www.genclassifieds.com/x-502372-z>

We have not found the right person yet, who even understands this issue for Idaho.

Must be very sturdy, against the high winds, etc. Your pay includes buying all materials, making it, and installing it in the yard.

I want it to be painted in old-school, retro, 1950's style, and read something along these lines (your ideas are welcomed):

Unseat the CRAP out of CRAPO!  
No More "refugees" into Idaho!!  
What about OUR people, "Senator" Mike?

You can model after the BURMA SHAVE type billboard road signs, if that is any inspiration for your artistic side.

Now taking bids and your talented ideas. I pay in cash. Not yet sure of the size and will take your advice. Maybe something like 4 feet by 5 feet with two strong mounting posts?

Also include your own personal experience, commitment, or passion for this issue and why you want to do it. Thank.
