I am a vocalist/lyricist in my mid-late 30s, currently looking to join or form a band. Stylistically, I'd like to stay in the goth range, or let's make our own genre! As long as it's heavy and dark, I am open to different styles, but I mostly listen to industrial, horror rock, doll rock and some metal. Looking to practice once a week within 45 minutes of Weare, and playing out is a priority! I love the stage, and have great presence. It is the most fun part to me! If interested, please hit me up ASAP. I have a lot of experience fronting bands.

I have a career and am not looking to "make it"; I just want to write great shit, and play some kick ass local gigs.

Take a listen to my samples for my style; I am a singer, NOT a screamer:

I can provide more samples upon request, and I'd love to hear your work as.
