I have 4 puppies available, 3 female and 1 male. Their mother is a rottweiler and their father is a pit. Accidental litter...didn't expect to have the mother, ended up keeping her after a break up.....asking \$100 rehoming fee for each pup so I can get both parents fixed. Pups were born May 14th and will be ready around July 16th or so. Will have 1st round of shots and be wormed. Wanting these guys to go to good homes. I am not a breeder so please do not flag me or send me harassing messages....I took the father to get fixed and at the time he couldn't be fixed because he threw a panic attack and his heart rate was too high and I was told it would be a risky surgery. The mother wasn't mine at the time so I couldn't make the decision to get her fixed....I do not want any more pups that is for sure...that is why I am asking rehoming fee so that I can for sure get them fixed. Please text me at

if interested. These pups have great personalities and would be great as household fur babies. Thank you for your time and God
