

Barn Cat (St. Charles)

Location **Missouri**
<https://www.genclassifieds.com/x-502469-z>

This feral, stray cat comes to my doorstep every day wanting food. It is afraid of people and seems to know only the outdoors. I think it is a male cat, beautiful white with black tail and a bit of black on its forehead. If you would like this cat as a barn cat, please.
